MATERIAL COSTS	-

Will our course suit to you?

The german course is well adapted to adult immigrants who aim to stay in the region for at least 6 months and who prefer classes in small groups. Young people from 16 years on are welcome as well. Especially professional people, employees and parents, which desire to learn the german language for oral and written use, will benefit from this course. In an acitivating, goal oriented learning atmosphere, you will communicate with the course participants and the lecturer. Thus, the language is learned by applying it.

la bonne heure

You're welcome to our flexible rooms in Basel for creation and cultural exchange!
Develop, share and learn art and autonomous and ethically correct ideas and techniques for your private and professional every day life.

* Low income persons such as teenagers, unemployed people or students pay less («reduction»). As a «supporter», you get a chance to support those low income course participants. We hope that people follow the solidarity principle.
